

27 September 2019

Dear Parents,

I am writing to invite you to an Information Evening for Year 13 parents and guardians. This will be held on **Thursday 3 October 2019 in the Phythian Hall in Sixth Form at 7pm.** In this final school year there are a number of key decisions that students are required to make and the evening is planned to inform you so that you can support your son/daughter.

We shall be dealing with the options available to our students as they complete their education at Ripley in support of our aim to secure a 'next step' for all students by the end of this academic year. The evening will include the management of the UCAS process for this year's students applying to university. We will provide information on replying to university offers as well as a brief summary of Student Finance. In addition we shall outline our systems for supporting student learning and academic monitoring.

We look forward to welcoming you as we seek to strengthen the partnership between student, school and home to achieve the best possible outcome for your son/daughter.

Yours sincerely

Mrs J Watkinson
Head of Year 13
